VACUUM - System UHG-500 Easy, for max. mould size HxWxD 500 x 500 x 635 mm

inclusive funnel, 1 cup 600 ml, 1 cup 1000 ml, lift, 2 mixer, screwdriver, tools, Roelex-tube and user manual.

Option pressure funnel:

Press the resin into the mould through pressure difference.
To retrofit also later.

Advantages:

- Problem-free cast of high viscous casting - materials
- More rapid mould fill
- Little rework through smaller sprue and riser
- Conversion of the casting-installation in few seconds
- Favorable purchase price

Option heated cup:

Heated cup for casting wax up to 150 °C.
Installation through the universal flange in a minute.

Option change cups:

3 Litre cup
1 Litre cup
